

You are invited to...

The 2019 Kowhai Gym Fun Celebration

We would love to invite parents and caregivers to come along and watch one of our Gym Fun lessons.

All the classes have been working hard for the first 3 weeks of term and would love to share their progress with you. We have been focusing on balancing, rolling, landing, and jumping. You will get the chance to see your child developing their gymnastics skills as they rotate around a variety of activities.

Your support is really appreciated!
